

REUSABLE AND WASHABLE WIPE

The Absorbent One

Trugrade RAYTEX cloths are made from viscose, and they are colour coded for easy identification reducing the risk of cross contamination.

The RAYTEX range is available in medium, super and super heavy weights. RAYTEX is unaffected by cleaning agents, are autoclavable, chemical and odour free and can absorb 9 times its own weight.

Very versatile, many uses including:

- Food preparation
- Hospitals and Aged Care
- Patient Wipes- Face and Body
- Hospitality
- Commercial cleaning
- Domestic cleaning
- Cafés
