

# TLL85W CENTRE-FEED WHITE LOLINT PERFORATED ROLL

Trugrade have designed TLL85W specifically for those tough jobs, TLL85W performs consistently, has excellent wet strength and is extremely absorbent. A great alternative to Wypall 94178 X70 Centrefeed rolls

- Tough, soft and durable during wet or dry wiping
- HACCP approved and suitable for food contact surfaces
- Solvent and chemical resistant
- Cost efficient, strong and absorbent
- Quick and efficient removal of surface contaminants
- Sheet size, shape and quality ensure consistent wiping in most applications
- Does not contain adhesives and binders leaving no residue behind on surfaces
- Each roll contains 220 wipes.
