

TRURAG IS A LOW COST 100% Bio-Degradable Multipurpose Wipe

- 100% Hygienic white new material
- 100% Bio-Degradable
- A viable alternative to waste rag
- Extremely absorbent
- No zippers, no pins, no buttons
- Mops up liquids including oils
- Requires less storage space than bags

Part Number	Description	Carton Qty
TRURAG5	40cm x 60cm	400
TRURAG5H	40cm x 30cm	800

One pallet is equal to approx 26 x 15kg bags of rags

Cost effective:

- 1 x Carton of TRURAG5 = approx 400 + large white pieces
- 1 x 15kg bag of normal rag = approx 150 pieces
- 1 Carton of TRURAG = approx 3 x 15kg bags of normal rags

Where did your waste rag come from?

Waste rag can contain up to 20% of un-usable product, they can be soiled and contain odd sized pieces. Most rag is not absorbent enough and it can also contain foreign objects which can damage equipment. Efficiency in the workplace can be reduced when workers have to sort through rag to find a piece suitable to use. Worker safety can be compromised due to poor storage.
